EXHIBITS

Exhibitor Specifications

Display Regulations

Standard Booth Definition: One or more standard 10' x 10' booth(s) in a straight line. Each booth is furnished with one (1) 5 amp electrical outlet.

Display rules and regulations specify what an exhibitor can and cannot do with their booth space. These are based on the physical characteristics of the Exhibit Hall, the intent to be equally fair to all exhibitors and the concern for the safety of all attendees. Show Management has provided the following design layouts to make sure each exhibitor is within show guidelines. A quick review of these booth regulations can save you costly and potentially embarrassing changes on site.

Booth Design

- Booth back walls may not exceed 10' height, plus 2' for signs (the backside of any such signs must be properly covered).
- All display fixtures over 4' in height and placed within 10' of an adjoining exhibitor must be confined to an area that is at least 5' from the aisle. The back of any such sidewalls must be covered so as not to appear unsightly.
- Exhibitors using canopies or false ceilings over their exhibit may use vertical supports up to 3" in width in the corner of their space. Vertical supports that are strictly decorative will not be permitted if in conflict with the rules stated above.
- Nothing may be suspended from the ceiling in a standard booth.

Intent: Each exhibitor is entitled to a reasonable sight line from the aisle regardless of the space size. Exhibitors with larger space (30' or more) should also be able to effectively use as much of the total floor space as possible as long as they do not interfere with the rights of others.

Bulk Space

No space dividers or drapes are furnished.

Proper Aisle Flow

The aisles are property of the Show Management, and must be free for easy flow of traffic throughout the entire show. Aisles must not be obstructed at any time.

Sound

Noise level from any demonstrations or sound systems **must be kept to a minimum**. Under **no** circumstances will the following be allowed in the Show: megaphones, loud speakers, microphones, side show tactics, or undignified methods of attracting attention. All sound systems and demonstrations **must** be strictly approved by Show Management prior to the show. **No exceptions!!!**

Signage

No signs are to be hung over the aisles as they are the property of the Show Management. No **double-faced signs** allowed for exhibitors in booth areas 10x10, 10x20, etc.

Merchandise Sales

If you are selling items that are to be hand carried, please issue your customer a **Bill of Sale**. This will serve as proof of ownership in the event of questioning by a doorman.

Exhibitor Re-Stock and Early Admittance

If you need to re-stock your booth or to be present at your booth prior to show time, the exhibitor early admittance begins one (1) hour prior to show time on a daily basis. **You must sign the early admittance list the night before at the Show Office if an earlier entry time is needed.** Exhibitor early entrance is located in the lobby of D Hall only.

STORAGE

You are expected to arrange for storage of empty crates off premises at your own expense. Fire Marshal regulations prohibit the storage of boxes, crates, packing materials, etc. and not more than one day's supply of literature in your display. The Show Decorator, DWA/FERN, can provide storage.

SOUVENIRS

The Show Management requests that you do not distribute yardsticks or other items in that category in order to avoid possible injury. Due to building regulations, **no helium inflated balloons nor gummed stickers are allowed in the building.**

WATCHMEN

The Show Management will provide necessary watchmen during the life of the Show. No other persons will be permitted in the building after the closing hour. Show Management and the Expo Center cannot guarantee against loss of any nature. **(Please refer to your insurance policy).** Be sure to pack away small and valuable items each night.

LIABILITY

You are solely responsible for the space you have leased. Please read the **TERMS AND CONDITIONS** on the back of your contract. You have agreed to reimburse the Expo Center for any damage to the floors, walls, or equipment occurring in the space you have leased. Automobiles, trucks and similar conveyance shall have a drip pan or protective material under them to safeguard the floor from dirt,

oil, stains, etc. All matters not covered in these conditions are subject to the decision of the Show Management.

Note: No sprays on tires – it makes the floors slippery and presents a liability.

DISCHARGE OF WASTE

As of April 27, 2000 the office of the Portland Metropolitan Exposition Center has been formally notified by the City of Portland, Bureau of Environmental Services, that it is a Class I violation of Oregon Administrative Rule 340- 45-015(1)(a) to discharge wastes, in the form of wastewater, into waters of the state. The catch basins located in the paved portions of the Expo Center grounds drain through storm sewer lines that discharge to adjacent wetland areas. Therefore, any wash water from washing activity flows to these wetlands, which are considered waters of the state.

Effectively immediately, therefore, the washing of any equipment or items, including but not limited to recreational vehicles, boats, passenger vehicles, trucks, machinery or any such items on Expo Center grounds is strictly **prohibited**. As an event participant, your compliance and cooperation of this notification is appreciated.

The Bureau and O'Loughlin Trade Shows further advises that feasible alternatives to this problem include having the items washed off-site at a wash station properly connected to a sanitary sewer. **Within one mile from the Expo Center – The Portlander Inn – Exit #307 offers a wash facility and sanitary sewer for washwater.** Several mobile wash contractors have the ability to recover the washwater for recycling or disposal to the sanitary sewer. If washwater is collected and disposal to the sanitary sewer is needed, please contact Expo Center Operations staff for a proper disposal location at **503-736-5200**.

The Staff of the Portland Expo Center and Show Management regret this operational necessity and any inconvenience it may cause your organization or event participants.

FIRST AID

There will be an EMT on duty during regular public show hours. The first aid room is located in the Hall D Lobby. Please report **any** injuries immediately to the EMT or Show Management.

MAX LIGHT RAIL

Light rail is now running to the Expo Center. This is a great way to avoid parking charges and/or waiting in line to park. To get to the Expo Center please take the Yellow Line. For more information log onto **www.trimet.org**

MOVE-OUT

Fork Lift Services

Please Note: O'Loughlin Trade Shows **does not** provide fork lift services for move-in or move-out. Due to insurance policies and facility requirements all fork lift **services must be contracted through the Show Decorator**. The Show Decorator also provides move-out shipping services.
